

Charyut!

Winter 2016

Dear Students and Parents,

I hope this letter finds you in good health and high spirits for the new year!

This year is an exciting one for Winding River Karate Studio. We have more than doubled the size our Brookside Elementary class, spreading our art beyond the Do Jang. Our upstairs renovation project has seen major improvements, and-best of all-we are fortunate enough to have a brand new furnace to maintain our studio training environment throughout the year.

I wish to ensure you are all aware of our refer-a-friend incentive program! It is our duty as martial artists to spread the human characteristics of Soo Bahk Do through our daily interactions with friends, family and colleagues. If you successfully refer a friend to your studio, we will add an additional month to your current membership, free of charge. Be sure to invite them to Winding River to enjoy a free introductory lesson!

On a larger level, this extra business directly influences how you train. I remember how great it was to train upstairs with a large class: more classmates to train with, more room for bags, and what a view to enjoy all the while! The more income we receive, the more work we can put into our old training space, and the more activities that instantly become available to us as a result.

As always, please feel free to get in contact with me regarding anything at all. Our instructors are better able to serve you and your child's needs by being in-the-know on your goals through continued training at Winding River Karate Studio.

Best wishes for the new year,

Jesse LaPadula
